

**KONVEX Storage Systems, S.L.**

New ideas.  
Greater Warehouses.

Autovía A-2, km. 489  
25241 Golmés (Lleida), Spain

Golmés, 1st January 2019

**Statement:** Change of corporate name and corporate image

## Today everything starts again.

Today is the first day of our new era. Today KONVEX takes the important relay of MECA-SYSTEM, S.L.

MECA-SYSTEM, SL in a continuous international growth, assumes the important challenge to change its company name and brand.

KONVEX takes the relay as a global company specialized in projects and storage systems. Flexibility, reliability, responsibility, innovation and the highest quality are the basis of our company's daily work.

### Our values

We are a family company

We are independent

We are a reliable partner

We are innovative

Our employees are the key to our success

A culture based on quality

We assume responsibility

## What if you could start over?

MECA-SYSTEM has long ceased to be a manufacturer of racking to become a company of storage solutions for logistic projects at international level.  
Our business demanded a brand that reflected a more global concept.

**KONVEX** is our natural evolution.
